

## HAWK WALK

On behalf of the Exeter High School Alumni Association we are pleased to announce that Phase I of the Hawk Walk is open. It is located between the fences at the end zone closest to the school. Over the last couple of years alumni and friends have purchased memorial bricks to enhance this Hawk Walk. The construction of this project would not have been possible without the dedicated alumni that gave of their time and talent.

We want to thank the following alumni and their companies for making this vision come alive.

The Hawk Walk was designed by Peter Wiggin '78 owner of Design 1, Robert Lang '74, Lang Construction, The Alumni Family of Bell & Flynn, Lisa Higgins Alexandropoulos '81, Seacoast Memorials, and Mark Gilman, '84, Riverbend Masonry .

There is still time to order a brick. There are flyers at the entrance to the Hawk Walk with information.
